透過訓練及一連串活動，計劃旨在提昇青少年的性別意識、領袖素質、分析及思考能力等。參加的中學生首先接受宿營訓練及紀實攝影技巧訓練，以裝備性別意識及攝影技巧；隨後參加者以小組形式，研究不同的性別議題，並於「性別意識社區相片展」中展示研究結果，以及於其就讀的學校及社區進行相展和講解，推廣兩性平等的訊息。完成計劃後的參加者亦會擔任朋輩大使，繼續推動性別意識教育。

Through a series of training and activities, the Innovative Leadership Joint School Gender Education Project aimed at promoting gender awareness and enhancing leadership and critical thinking among teenagers. Participants, secondary school students, took part in training camp and documentary photography training to prepare for a better understanding of gender issues and sharpen their photography skills. The students were then divided into groups to explore different gender topics, the findings of which were published at the "Gender Awareness" Photography Exhibition. They also introduced the Exhibition and their findings to the community and their own schools. Upon completion of the Project, participants became peer ambassadors to continue their support for education on gender awareness.
