儀表是社交禮儀之中一項重要的元素，蘊含著人與人之間的互相尊重、角色的呈現、性格的獨特性及對自我的評價等等。因此，勵志中心於2001年起提供美容師工作培訓計劃，透過提升單親婦女對儀表的關注、培養對美感的欣賞及加強化妝技巧等，促進單親婦女建立「美麗」、「積極和正面」與「充滿自信」的外表。此外，麗智美容坊為美容師提供實習場地，從而達到建立「美麗可親」的單親婦女形象。

Appearance is an important factor of social etiquette. It implies the mutual respect among people, presentation of one's personality, uniqueness of one's character, self-evaluation etc. Therefore, Lai Chi Centre started to provide training programmes for beauticians in 2001. Through encouraging single mothers' care for their appearance, fostering their appreciation of beauty and sharpening their makeup techniques, the training programme promotes the building of a "beautiful", "active and positive" and "confident" appearance among single mothers. In addition, the founding of Lai-chi Beauty Square provides a venue for beauticians to practise their skills. The "beautiful and friendly" image of single mothers is hence established.
