Funding Scheme for Women's Development (Women's Commission Stream) Detailed Payment Arrangements

1. Advance Payment

- (a) To assist the funded organisation in meeting the initial outlay of a project and cash flow requirements for one-year project, WoC may, prior to the implementation of the project, consider that a single advance payment of not exceeding 50% of the approved project funding be made to the funded organisation upon written application. For two-year project, see paragraph 5 below. In receiving the advance payment, the authorised person of the funded organisation will be required to sign an undertaking at *Appendix I*. If the funded organisation has applied/is applying for funding from sources other than the Scheme, advance payment will be arranged after the funded organisation notified the result of relevant application and upon written notification made to WoC.
- (b) WoC will monitor the progress of the projects upon release of an advance payment and remind the funded organisation to clear the advance payment by submitting certified official receipts¹ to account for the expenditure incurred as early as practicable.
- (c) If, subsequent to the receipt of the advance payment, the project has not been held or was delayed beyond the scheduled implementation date, the funded organisation will be required to return the advance payment to the Government of HKSAR immediately unless it can provide acceptable explanations to WoC and is accepted by WoC.

2. Partial Reimbursements

Irrespective of whether it has received an advance payment, the funded organisation may apply for up to **one partial reimbursement** of the funding before the completion of the project. The amount of funding to be given out for each project prior to its completion should not exceed 90% of the approved project funding. In applying for reimbursement, the funded organisation should submit an up-to-date financial report (see paragraph 6 below) together with supporting receipts¹ duly certified correct by the authorised person

¹ A receipt submitted for reimbursement purposes must bear the date of purchase and full description of the individual expenditure items. Otherwise, supporting documents such as invoices and billing statements showing the aforesaid details are to be submitted to supplement the receipt.

of the funded organisation or officer-in-charge of the project for checking purposes.

3. Final or One-off Reimbursement

One-off reimbursement of funding, or the balance of funding where advance payment or partial reimbursement have been made, will be given to the funded organisation on completion of the project. To apply for final or one-off reimbursement, the funded organisation must submit the financial report (see paragraph 6 below) with all supporting receipts¹ and a project final report to WoC for processing within 1 month after the completion of the project or by the designated date. The amount of advance payment, reimbursement and expenditure incurred should be completely and accurately recorded in the financial report. Reimbursement will be made when all reports (see paragraph 63 of the Funding guidelines) are accepted by WoC.

4. <u>Handling of Cheque</u>

Payment of funding to the funded organisation will be made in form of cheque. The cheque shall be paybable within 6 months from the date of issuance. Upon receipt of the cheque, the funded organisation should cash the cheque as soon as practicable. If the cheque is not cashed within 6 months from the date of issuance, WoC will cancel the cheque payment automatically without prior notice to the funded organisation. If the funded organisation intends to re-issue the cheque, the funded organisation should submit application in writing within the same financial year. Otherwise, WoC or LWB will not be responsible in connection with the stale cheque.

5. Expenditure for Two-year Projects

- (a) For two-year projects, the advance payment and partial reimbursement(s) (see paragraphs 1 and 2 above) will be made yearly based on the amount of approved grant for each year of project implementation. In other words, the funded oranisation may obtain a maximum of 90% of the approved project funding for each year of project implementation. The payment of the final 10% of the total approved funding will only be made after receipt of the financial report and final report from the funded organisation.
- (b) To apply for advance payment in the second year of project implementation, the funded organisation should note the following-

- i. it must submit a claim for reimbursement of expenses incurred in the preceding year together with an up-to-date financial report and supporting receipts¹; and
- ii. the exact amount of advance payment to be made each year will be determined by WoC, having regard to the spending position of the funded organisation.

6. Financial Report

The format of the financial report referred to in paragraphs 2, 3 and 5 are at Annex G. The funded organisation is required to submit the original copy of the supporting receipts for the expenses incurred together with the financial report to WoC. For avoidance of doubt, irrespective of whether the items are funded under the Funding Scheme for Women's Development, receipts¹ are required for all items shown on the financial report unless otherwise specified.
