A Brief Introduction to Primary Healthcare Blueprint

This paper briefs Members on the Primary Healthcare Blueprint (“the Blueprint”) released by the Health Bureau.

2. In face of the pressure brought about by an ageing population and the increasing prevalence of chronic diseases, the Government released the Blueprint in December 2022, setting out a series of reform initiatives to strengthen primary healthcare services in Hong Kong. Through prevention-oriented, community-based, family-centric strategies which focus on early detection and intervention, the vision is to improve the overall health status of the population, provide accessible and coherent healthcare services, and establish a sustainable healthcare system.
3. A brief introduction on the Blueprint are set out in the Powerpoint presentation material at [Annex](#).
4. Members are invited to note the content of this paper.
